Thanks Kevin, I remain very bullish on Prumo and BTB has been rock solid. Sete is a challenge but I still believe that Brazil Inc. is likely to provide a solution. Cheers

Good article, I thought. Liked your quotes. Hard to agree that we're chumps on Petrobras when there are \$130 billion worth of bond holders and thousands of shareholders who also invested. I still believe in "Brazil Inc.," even if in a downsized version.

Happy Easter!
